## Document Update Information

<b>Date</b>	<b>Change Type</b>	<b>Page Number(s)</b>	<b>Details</b>
1 Jun 07	Revision 01	All	Manufacturers list updated
15 Jan 09	Revision 02	General	Standards Unit details changed
		All	Manufacturers list updated
1 Dec 09	Revision 03	All	Manufacturers list updated
22 Feb 11		2	Manufacturers list updated
26 Oct 11	Revision 04	2	Manufacturers list updated
23 Oct 12		4	Name change Pentair Water Solutions formally known as Tyco Water
24 May 13	Revision 05	5	Manufacturers list updated
7 June 13	Revision 06	5	Manufacturers list updated
8 July 13	Revision 07	2	Manufacturer new address
30 July 14	Revision 08	2	New Manufacturer added
August 2014	Revision 08	3	New Manufacturer added
October 2014	Revision 09	4	New Manufacturer added

**AUTHORISED ITEMS for WATER RETICULATION SYSTEMS**

## **MANUFACTURERS**

The following table provides details of manufacturers whose products have been listed in this catalogue.

Construction of a new water supply reticulation network will be based on the Design Drawings supplied by SA Water which will identify the detailed location of the scheme as well as the pipe materials and accessories to be used. In addition to this general direction, typical construction details can be obtained from the Water Supply Construction Manual supplied with this document. Based on the information provided in these sets of drawings the contractors can select any of the products listed in this catalogue, provided they are appropriate for the use required, and purchase them directly from the manufacturer or their supplier.

Products will be available through the manufacturer or local suppliers who have a supply arrangement with the manufacturer. Details of local suppliers are listed below.

The products listed in this catalogue have been given authorised status based on their conformance with the SA Water Corporation Standard Product Specification for the item and the quality system operating in the factory where the product was manufactured.

Other manufacturers will be added to the list on an ongoing basis provided they meet the specification requirements and have a suitable QA system for their manufacturing process.
