Threatened species

South Australia is home to many remarkable plants and animals, some of which are found nowhere else on Earth. Over time, however, many natural habitats have been cleared, fragmented or changed. As a result, some species have lost places to feed, shelter and raise their young, causing their numbers to decline.

There is hope. Through habitat restoration, conservation projects and community care, we can help create healthier places for wildlife to live. Across South Australia, people are working together to protect and restore the landscapes that threatened species depend on.

The more we learn about nature, the more we begin to understand our place within it. By noticing, caring and getting involved, we can all play a part. Joining a local volunteer group is a wonderful place to start.

Scarlet Robin

(Petroica boodang)

Often seen in and around stringybark forests.

Eastern Shrike-tit

(Falcunculus frontatus)

Uses its strong bill to peel bark in search of insects.

Elegant Parrot

(Neophema elegans)

Often seen feeding in pairs or small flocks on the ground in open grassy areas.

Yellow-tailed Black Cockatoo

(Zanda funerea)

Uses its powerful bill to extract seeds from banksias, hakeas and introduced pinecones.

Painted Button-quail

(*Turnix varius*)

A well-camouflaged bird that spends most of its time on the ground.

Brown Toadlet

(*Pseudophryne bibronii*)

A tiny frog with bright yellow armpits that calls “ark-ark-ark” after rain.

Swamp rat

(*Rattus lutreolus*)

Lives amongst dense vegetation near wetlands and creeks.

Yellow-footed Antechinus

(*Antechinus flavipes*)

A small marsupial that lives in tree hollows.

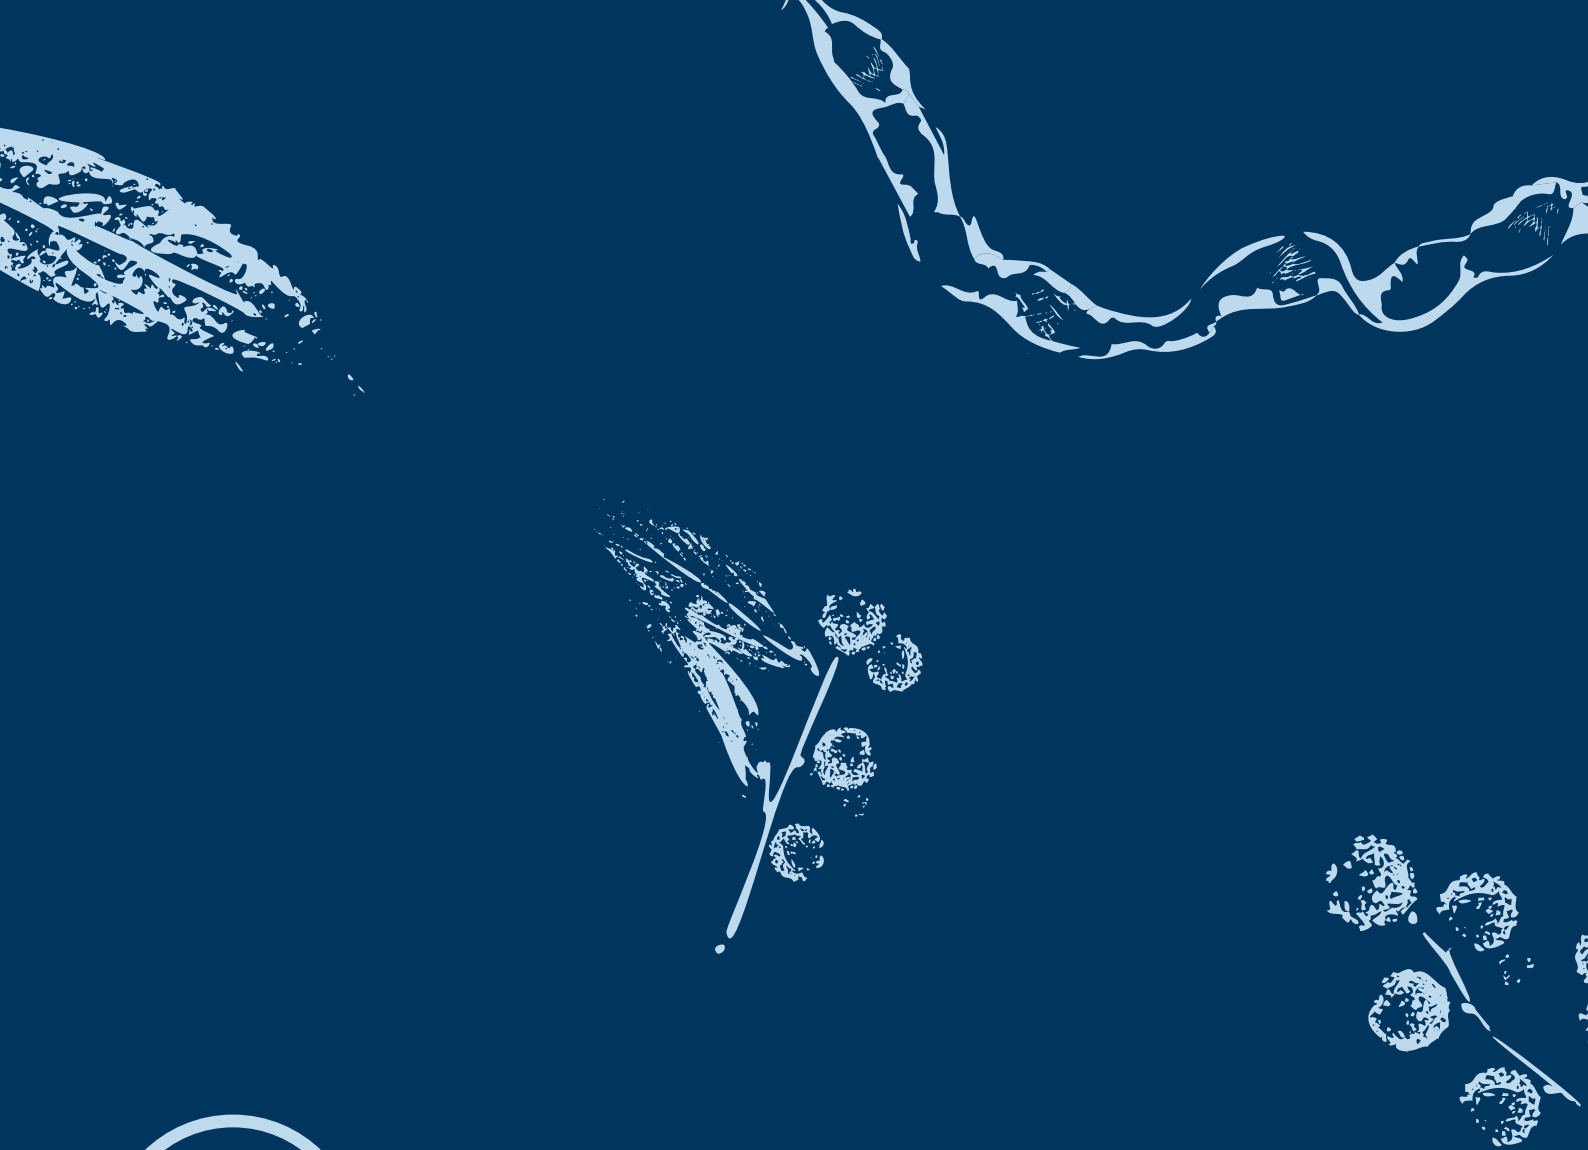

Southern Brown Bandicoot

(*Isoodon obesulus*)

Look for its small cone-shaped diggings amongst leaf litter.

We acknowledge the Traditional Owners of Country throughout South Australia. We recognise their unique and continuing connection to lands and waters. We pay respect to Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples visiting or living in South Australia.
